

Bachelor of Applied Science

An interdisciplinary degree designed for students who have completed at least 30 hours of military credit or technical credit as part of an Associate of Applied Science degree program or completed an Associate of Applied Science degree.

The B.A.S. program will transform our local and regional communities as it creates a path toward career growth in technical industries.

Bachelor of Applied Science

ABOUT THE DEGREE

The B.A.S. degree engages schools across the UMKC campus to provide students with critical skills cited by employers as important for their employees. The course offerings in the B.A.S. program broaden students' professional skills, providing them with a foundation applicable to all career fields, and ensure they stay competitive for careers requiring a bachelor's degree.

Our program makes the transition of students from a technical degree to the completion of a bachelor's degree easy by allowing up to 60 hours of military credit or technical credit to transfer to the B.A.S.

The B.A.S. program provides a foundation of knowledge and develops sought-after skills that help students communicate and understand a complex, diverse world.
